Our Media Team at S.C.T.C are exploring more innovative and effective methods to keep our followers I tune with all that is happening here at the training center. It is important to us that supporters and prospective students alike are able to consistently track our progress while also progressively gaining a conclusive understanding of what our program offers. It is our hope that publishing a weekly new letter including past, current, and upcoming events will make this easier!

Newsletters will be posted every Tuesday

A Look Back At Last Week

Students took another opportunity this past week to sharpen and perfect the skills they've gained within the last couple months. This included installing brand new electrical outlets in an older home that is under construction. Being able to carry out the same tasks successfully in various settings will be key in job success! Students also expanded their knowledge of residential construction as they learned the in and outs of removing, cutting, and finally reinstalling trim

Winner of Last Weeks Contest

We held our first ever contest here at Southtown last month. Although there is always room for improvement we were generally satisfied with the public participation we received. A big thank you to all of those who voted! Jermey Thomas was the winner of the Student Training Board Contest! Every student, however, was awarded with an Ameren gift card for their efforts because here at S.C.T.C we are ALL WINNERS!
